

Questions and Answers

What is your capacity?

We are spacious enough for up to 300 guests. This includes enough room for guest tables, wedding party tables, dessert and gift table and our 20 foot wood bar with bar stools. This leaves a nicely centered dance floor as well.

How long do I get to use the venue on my wedding day?

We open the doors at 10:00 am that day and stay until you have carried out your gifts by midnight. The music must end at 11:00 pm and guests will depart and clean up (mostly on our part) begins. You also get 4 hours of decorating and rehearsal time the day before!

Can I hire my own caterer?

We prefer that you use a caterer from our preferred list as we can attest to their professionalism when it comes to weddings! However, if you prefer to go off of our list, there is a catering fee that we charge and they must be licensed and insured.

Are your indoor areas including restrooms air conditioned and heated?

Yes!! This is so important for the comfort of both you and your guests. We also have optional outdoor heaters to keep your guests cozy.

Can I bring my own alcohol or bartenders?

No. We are licensed through the State of Indiana to handle our own alcohol and our bartenders have been trained to our specifications. We do offer multiple bar packages that are very budget friendly.

What else do you require?

We require that you have event insurance for the time that you and your guests are on our property. This is easily obtained from your agent who handles your homeowners policy or there are low cost options on the web. We also require security for your reception and we provide that with our in house security at an hourly fee.

*L*ocated in the charming town of Yorktown, The Loft is just minutes away from the bustle of Muncie. Set on sixteen acres of rolling grass hills and wooded walking trails is a little piece of heaven called The Loft on Isanogel. It's here that you will find your tranquility in the beautifully manicured grounds and one of the oldest restored barns in the area. The Loft and wedding party cabins are a stunning 10,000 square feet of completely heated and air conditioned space for all that you envision for your fairy tale wedding. Your guests will be enchanted with not only the The Loft, but the covered porch and bubbling water feature. There is even a playground to keep the little ones occupied.

Why settle for the familiar when The Loft on Isanogel can be the setting for your dream?

"The Loft and wedding party cabins are a stunning 10,000 square feet of completely heated and air conditioned space for all that you envision for your fairy tale wedding."
